Regarding: Docket Numbers: E-01345A-16-0036 + E-01345A-16-0123

Dear Chair Forese and Commissioners,

As you review the APS rate case before you, I ask you to think of small business owners such as myself. The outcome of this case may affect my business negatively. If rates and the service charge are allowed to increase it could hinder my ability to keep my business operating as it has been.

Bottom line: Please do not allow APS to go forward with unjustified increases to electric bills. They have not provided a valid reason to do so.

Arizona Corporation Commission
